Weather Forecast.

For North Carolina—Partly cloudy Wednesday, showers in east portion; Thursday fair, fresh northeast winds on the coast.

We go right on being glad that we were with the honest minority.

President Roosevelt has written an Illinois editor that he was dead in earnest when he declared that he would not stand for a third term—counting the time he "subbed" as a term. We are glad to see that some people know when they've got enough of a good thing.

When we contemplate the syndicate operations of the New York insurance magnates, all kinds of frenzied financial fancies take possession of us. In a reverie in which our "associates" were right there and we were dividing up the thousands that we had made on other peoples' money, the confounded milkman spoiled every thing by dropping in to make one more strike for last month's milk tickets.

A few days ago the Pinkerton detectives declared that there was only one man in New York capable of the stupendous job for forgery and robbery by which $359,000 in securities were secured from the National City Bank of New York. We have no idea which one of the insurance magnates the detectives suspected, but here comes clerk Henry A. Leonard to prove that there are other slick ducks in New York.

The Star notes from the Norfolk Landmark that some people by way of apology are saying that Judge L. L. Lewis, the Republican nominee for Governor of Virginia, was two young to be held responsible for the infamies of the Republican party in reconstruction days. However, he runs with the gang that was responsible and Virginians will hardly be looking to one of their descendants or affiliators as the successor of Fitzhugh Lee.

STATE "FIRE WA[illegible]' LAW

Announced in Raleigh Tha[illegible]ill Materially Reduce Insuran[illegible]ates in North Carolina.

In the editorial columns of the Star this morning will be found an extensive review of the good effect already apparent from the passage of laws calculated to reduce fire waste in the State by the last Legislature. Particular reference is to what is known as the "fire waste law," which was before the Board of Aldermen at its meeting Monday night and which was referred by that body to the Ordinance Committee and the City Attorney, to ascertain if the same applies to Wilmington and what course to pursue in the event it does. It seems that the passage of the bill has had the effect to very materially reduce the rates for fire insurance in towns and cities to which the law applies and that, if such be the case, there will no longer be any question as to whether the Board of Aldermen will wish it to apply to this city. The following special was received last night from Raleigh:

"Raleigh, N. C., Oct. 3.—Insurance Commissioner J. R. Young makes official announcement of a considerable reduction just made by the insurance companies doing business in this State to apply to fire risks where the new fire waste law, passed by the last Legislature, is in force. On all mercantile buildings and hotels (and the contents thereof), with metal, slate, tile or other approved fire proof roofs, a reduction from the basis rate of 10 cents, or $1.00 on the thousand dollars and on all churches, schools, and public buildings, and on contents thereof, with metal slate, tile, on other approved fire proof roofs, a reduction from the basis rate of 5 cents or 50 cents on the thousand.

"This reduction applies to sixty-seven cities and towns of the State, including Wilmington. It is estimated that the saving in premiums by this reduction to Raleigh alone is $2,590 per year."

The matter is treated more at length in the editorial columns of the Star today.

THE SUPERIOR COURT

Rehder Brothers, Florists, Given Judgment Against Pembroke Jones in Small Amount.

THE BACK TAX CONTROVERSY

Proceedings Yesterday—Argument Upon Referee's Report in Case of City of Wilmington Against E. K. Bryan.

Yesterday was another day of very little interest in the Superior Court. During the morning the suit of Rehder Bros., the florists, against Pembroke Jones was tried, judgment being given the plaintiffs for the full amount asked for, with costs and interest. All the afternoon session was taken up with argument by counsel in the case of the City of Wilmington against E. K. Bryan and others, involving back tax collections. The argument was continued until a later day in the term.

Court met at 9:30 A. M. yesterday as usual, Judge W. R. Allen presiding. Divorces were granted in cases of Chalmers H. Gaskins vs. Dora Gaskins and Henry Brown vs. Ida Brown.

The case of Rehder Bros. against Pembroke Jones was tried during the day, it being the only matter of interest disposed of. The plaintiff was given a judgment against defendant for $290.15 with interest amounting to $30.40. Herbert McClammy, Esq., appeared for Messrs. Rehder Bros., and Messrs. Empie & Empie for the defendant. The complaint in the suit alleges that on or about March 13th, 1903, and divers days thereafter, the plaintiff sold and delivered to the defendant certain plants, flowers, bulbs and herbs for the purpose of beautifying and ornamenting the defendant's grounds in the country; that during the time above referred to the plaintiff furnished labor and material for planting, transplanting and beautifying the grounds of the defendant. An itemized account of the work and labor is attached to the complaint, amounting to $590. It is alleged that one payment of $300 has been made on the account but that $290.15 yet remains unpaid after demand upon the defendant for that amount. The judgment is for the full amount claimed.

The hearing in the back tax suit came up before Judge Allen on r[illegible]port of Referee Eugene S. Martin to whom the case was referred and before whom argument was made by both sides last January. Mr. Martin's decision was against the city and the report was yesterday taken up before Judge Allen. It will be remembered that ex-Judge Bryan had a contract for the collection of back taxes under the administration of former City Attorney D. B. Sutton and that under the acts of 1895, giving to the city attorney and his associates the right to collect all taxes prior to 1894, it was a continuing, perpetual contract so long as any taxes prior to 1894 were unpaid and uncollected. When the books were taken by resolution of a succeeding Board of Aldermen out of the hands of ex-Judge Bryan he retained $1,086 of the collections until either a compromise was effected or the matter was finally adjudicated in the courts. The attorneys for the city are Hon. Jno. D. Bellamy, Brooke G. Empie, Esq., former City Attorney Wm. J. Bellamy, and Marsden Bellamy, Esq., the present city attorney. Those appearing for the defendants are Messrs. Rountree & Carr, Davis & Davis and Herbert McClammy, Esq. The argument yesterday afternoon was by Hon. Jno. D. Bellamy and B. G. Empie, Esq., for the city and Messrs. George Rountree and Junius Davis for the defendant.

At 6 o'clock the argument was continued until later in the week. This morning the case of ex-Mayor S. H. Fishblate vs. The Fidelity and Casualty Co., of New York, will be taken up. It will be remembered that the plaintiff is suing on an accident policy for the loss of an eye, alleging that on a Winter's morning a year or two ago, he started to cross the street in front of his residence on Market street and that a passing vehicle in the slush and ice spattered him in the face, an icicle striking him in the eye and putting it out. Jno. D. Bellamy, Rountree & Carr and Wm. J. Bellamy appear for Mr. Fishblate while Iredell Meares, Esq., appears for the insurance company.

The case of M. F. Young against the Cape Fear Lumber Company, which was set for today, has been taken off the docket. The only other case set for today is that of W. B. Wells against the Red Cross Chemical Company, involving an alleged contract with the plaintiff, who was at one time general manager of the defendant company.

Sale of Lumber Plant.

In a court proceeding before Federal Judge Pritchard, the Southern Saw Mill and Lumber Company's extensive interests at Kingsdale, Robeson county, were sold by Brooke G. Empie, Esq., on Monday. The property was bid in by Mr. J. A. Duke, of Kingsdale, for $37,650. The sale is subject to confirmation by the court. Mr. Duke has been in active charge of the mill under the receivership of Col. A. H. Slocomb and will doubtless continue to operate the plant.

Municipal Court Yesterday.

George Legerman, Oscar Johnson and John Douglass, three sailors, were arraigned before Mayor Pro Tem O'Brien in the municipal court yesterday on a charge of fighting on Market, between Second and Third streets, Monday night about 12 o'clock. They were each let off with the costs. Sam H. Julius, colored, charged with the larceny of wood from the yards of Messrs. Thorpe and Applegate, was bound over to Superior Court and in default of $50 bond, he went to jail.

NO ERROR IN CASE OF DEWEY

Supreme Court Holds That Newbern Defaulting Cashier Must Serve. Other Opinions Yesterday.

(Special Star Telegram.)

Raleigh, N. C., Oct. 3.—The Supreme Court finds no error in the trial and conviction of T. W. Dewey, of Newbern, defaulting cashier of the Farmers' and Merchants' Bank. The court holds that the refusal of the bill of particulars is not appealable unless it were possible for a gross abuse to result. Even if the appeal lay, it could not be taken except by entering exception and appeal from the final judgment. There is less excuse for an appeal in this case since the bill of particulars was allowed by subsequent judge before trial, it is held. When the judge is requested to put instruction in writing the statue only requires a written charge as to the law applicable to the facts of the case. It does not make it an error if the evidence is orally recited on general remarks made as to the general duty of the jury.

Associate Justice Hoke filed a dissenting opinion on the ground that the trial judge committed error in submitting the oral remarks to the jury when he had been asked to put the charge in writing. Dewey is under $40,000 bond and the sentence is to six years in the penitentiary.

Other opinions of interest are: Kirkman vs. Holland, Craven, affirmed; Peacock vs. Barnes, no error; Darden vs. Timberlake, Wilson, decided in favor of plaintiff in both cases; State vs. Lucas, Sampson, no error; Weeks vs. Wilkins, Sampson, reversed; Hawks vs Hall, Sampson, affirmed; Stone vs Steamship Company, New Hanover, no error; Donlan vs. Trust Company, New Hanover, decided in favor of the plaintiff in both appeals; Porter vs. Armstrong, Pender, modified and affirmed; King vs Hobbs, Sampson, affirmed; Outlaw vs. Garner, from Duplin, no error; Farley vs. Farley, Sampson, per curiam, affirmed; Sikes vs. Power Company, New Hanover, per curiam, affirmed; Cable Company vs. Smith, Harnett, dismissed for failure to print record.

At a big mass meeting tonight under the auspices of the State W. C. T. U., Rev. W. C. Massee denounced the dispensary as an evil that must be cast out and the faces of Christian forces must be set for prohibition. Miss O'Daniel pronounced the dispensary a far greater evil than open saloons. The convention adjourns tomorrow.

(By Associated Press.)

Charlotte, N. C., Oct. 3.—A special from Raleigh to The Observer says: "The State Supreme Court, Chief Justice Walter Clark and Associate Justice Hoke dissenting, to-day handed down an opinion denying the motion of counsel for a new trial for Thomas W. Dewey, defauling cashier of the Merchants' and Farmers' Bank, of Newbern. Dewey was recently sentenced to six years imprisonment in the State penitentiary. The motion for a new trial was based on the failure of the presiding judge to reduce his entire charge to writing. Dewey was charged with the embezzlement of about $130,000 belonging to the bank."

MR. GILES' EXPERIENCE.

Young Wilmingtonian, Returning from Mountains Stopped by Quarantine.

To say the least of it Mr. Norwood Iles, Jr., had a most interesting experience with the Wilmington yellow jack quarantine last night. Mr. Giles spent the past Summer in the mountains and was on his way home on the A. & Y. train yesterday evening when the quarantine officer demanded a health certificate from him. Mr. Giles was totally ignorant of the quarantine regulations obtaining at his home town since he had been away and was, therefore, unable to give any documentary evidence as to whence he came. The result was that he was stopped at Hilton and met there by Chief Quarantine Officer Green. Although Capt. Green was well known to Mr. Giles, he had the advantage of the officer in that respect and Capt. Green ruled that he must stay out there until some inquiry had been instituted in the city. Capt. Green called on Mr. Giles' uncle, Mr. Clayton Giles, who assured the officer that the passenger had not been in infected territory, laughed at the predicament of his nephew and commended Capt. Green for vigilance and diligence in maintaining the only kind of quarantine that is effective.

Eight colored passengers were ejected from the Florence train yesterday because they could not give a satisfactory account of themselves.

MEARES—LATIMER

Quiet But Very Pretty Wedding Ceremony Yesterday Afternoon.

The marriage of Miss Margaret Iredell Meares and Mr. William Latimer was celebrated yesterday afternoon at 5:45 o'clock at the home of the bride's sister, Mrs. W. A. Williams, on South Fourth street, Bishop Robert Strange, of the East Carolina Diocese of the Protestant Episcopal church, officiating.

The parlors of the home were very prettily but simply decorated and the ceremony was witnessed by only a few of the intimate friends and relatives of the parties to the marriage vow. After receiving the congratulations of friends assembled, Mr. and Mrs. Latimer left on the A. C. L. north bound train for a northern tour, which will embrace visits to Washington, Boston, Auburn, N. Y., and several points of interest in Canada. They will return to the city in about a month and be at home at the handsome Latimer home at northwest corner of Third and Orange streets.

Funeral of Mr. Chapman.

The funeral of the late Louis Chapman was conducted yesterday morning at 10 o'clock from his late residence, 1316 North Fifth street, the Rev. Geo. B. Webster officiating, and the remains were laid to rest in Bellevue Cemetery. The pallbearers were Messrs. F. L. Huggins, F. M. Brown, H. P. Merritt, L. M. Bunting, George Benson and John Wilson.

AFFAIRS MUNICIPAL

City Board of Audit And Finance in Regular Semi-Monthly Session Yesterday.

THE FIRE BOAT IS ASSURED.

Nearly All Important Matters Before Aldermen Monday Night Are Concurred In—Pay Employes Once a Month.

The Board of Audit and Finance was in regular semi-monthly meeting for about two hours yesterday afternoon, though no matters of very great importance came up for consideration. Members present at the meeting were Chairman H. C. McQueen and Messrs. Jessie Wilder and S. P. McNair.

Perhaps the most important action at the meeting was concurrence in an allowance of $500 extra for the purchase of a fire boat and approval of the bids for the construction and equipment of the same as recommended by the Fire Committee. Chairman Rathjen was present and explained the committee's plan for providing a first-class boat in every particular. The extra $500 necessary for this purpose is not an extra appropriation but is to come from an unexpended balance after the purchase of the hook and ladder truck. The contracts having been approved, work will be commenced at once on the new craft and it will be put into service at the earliest possible date. The committee and Chief Schnibben have worked industriously to the end that a suitable boat may be provided and the public may rest assured that the construction in their hands will be looked after in proper manner.

The action of the Aldermen upon recommendation of the Board of Health, providing five extra laborers and three additional teams to clear the streets of decaying vegetation at this season of the year, was concurred in and the extra force will be put on at once by the Sanitary Department.

Extra appropriation of $142 to complete repairs to the machinery at the city rock quarry was approved.

Appropriation of $7 to reimburse Alderman R. W. Price for expenses incident to his trip to Fair Bluff to secure affidavits in the case of Officer D. W. Willis before the Police Committee for investigation, was allowed.

The Board also heartily concurred in the action of the Aldermen in tendering the Summer Rest property, on the sound, as a permanent encampment site. The bid for the permanent site will be made through the Merchants' Association, which will offer not only all the land necessary, but a substantial cash donation also. Bids for the permanent location of the grounds will be received by the Adjutant General of the State National Guard until Nov. 1st.

An appropriation for an extra collector in the Treasurer's office to look especially after poll tax collections was allowed. Usually an extra man is not employed until January, but it is thought an earlier effort to collect poll taxes will result in a larger yield.

It was ordered that after Nov. 1st all employes of the city except street laborers, who are paid weekly, be paid only once a month instead of twice a month as now. This applies to executive officials and department employes.

Coupons to the amount of $62.50, due and paid in July, were burned by the Board.

An additional payment of $5,239.71 was made to Roger Moore on contract for the Fourth street paving.

The usual bills for current expenses were examined and approved.

COMING OF "FRITZ AND SNITZ."

Mason and Mason Immensely Pleased Large Audience in Richmond.

The Richmond News-Leader of last week says of Mason and Mason, in "Fritz and Snitz," which will be seen at the Academy of Music here tomorrow night:

"An audience that tested the capacity of the theatre hailed the advent of Mason and Mason in 'Fritz and Snitz' with an unmistakable demonstration of approval last night.

"The piece is a riotously nonsensical jangle of bright music and kaleidoscopic divertisements. The antics of the comical teutons, Mason and Mason, and the numerous singing and dancing specialties which crowd fast upon one another through the action of the comedy kept the big crowd in continual good humor. Encores were frequent. The feminine contingent is large and lively.

"Fritz and Snitz" will frolic at the theatre all this week and bids fair to draw heavily at each performance."

Negro With Several Aliases.

Constable Savage went up to Almont factory yesterday and brought to the city Beachem Campbell, alias Arthur Black, alias "Black Cat," a young negro charged with stealing a valise, suit of clothes, watch and other valuables from Will Brown, a laborer at the guano works. "Black Cat" was located by some of the employes at the factory and was chased by them to the marshes where he mired up to his knees before he was captured. He was given preliminary trial before Justice Furlong yesterday evening at 6 o'clock and held for the higher court.

A Successful Operation.

Mr. Wm. Huggins, of Whiteville, N. C., who came to the city a few days ago for treatment, suffering from a pronounced necrosis of the superior maxillary bone was operated on yesterday by Drs. N. M. and N. A. Culbreth and C. T. Harper. The operation was a success and the young man is doing well and hopes to be able to return to his home in a week or ten days.

ALMOST A SERIOUS WRECK

Enclosed City Car Came Very Near Plunging Down Steep Incline on Red Cross Street.

Three or four passengers were slightly hurt and half a dozen others were badly frightened and shaken up as the result of a wreck of a street car last night about 8 o'clock at Front and Red Cross streets. The injured are Mrs. H. F. Otten and Miss Lizzie Otten, the first named suffering severely from nervous shock, and bruises and the latter with a badly sprained wrist and hand; Conductor J. W. Bryan, in charge of the car, who was thrown against the motor box, and his knee sprained, and Mr. Chas Bray, a clerk in Mr. R. F. Hamme's store, who was thrown and suffered a badly sprained ankle. Injuries to others consisted of merely scratches and bruises.

About half way down the steep incline of the track on Red Cross street, between Front and Second, the brake chain under No. 24, one of the larger of the enclosed cars used by the Consolidated Company on the city line, broke just as the car had gained the momentum of the grade and in another minute it had struck the sharp curve at the corner of Front and Red Cross streets. The speed was such that the wheels would not take the curve and the car dashed across the street, stopping on the very crest of the still steeper incline, leading down to Nutt street and the Champion Compress sheds. There were eight passengers on the car and when the brake chain broke, Motorman Rob Williams on the front of the car, shouted to Conductor Bryan to throw on the rear brakes and in the meantime sticking to his post to the very last, he threw on the reverse. The passengers realized that something was wrong when the motorman shouted and the car dashed on down the grade with the increasing momentum. They all arose in their seats and when the car struck the cobble stones, they were thrown either in the aisle or over what was immediately in front of them.

Dr. J. T. Schonwald was a passenger on the car and when Mrs. Otten fainted under the excitement and Miss Otten was injured, he assisted the ladies to the Atlantic Inn, on the corner. Later they were joined by Mr. Otten and accompanied back home. The others who were injured soon took transfer cars for their destination.

The transfer cars were used in pulling the derailed car back on the track and the wreck was soon cleared. Had the car gained a little more momentum and the men in charge failed to stick to their posts as they did, the scene of the wreck would no doubt have shifted to the foot of the steep hill on Nutt street and loss of life and serious injury would no doubt have been added to the casualties. The wreck was witnessed by several persons standing on the corner, who turned away under the fearful contemplation that the car would not stop before it dashed on down the Belgian block pavement as far as Nutt street.

Investigating Suspicious Fire.

Chief Chas. Schnibben is continuing his investigation of the fire in the unoccupied residence of Mr. A. F. Land, on Princess street, an account of which appeared in these columns yesterday morning. Mr. Land is understood to be out of the city, having gone to join Mrs. Land, who is visiting at Nichols, S. C., and until he returns Chief Schnibben cannot form any definite conclusions as to whether the fire was of incendiary origin or not. The building is owned by Mrs. John L. Cantwell and she carried $1,000 insurance with the agency of Capt. J. VanB. Metts. Mr. Land carried $500 insurance on furniture with Messrs. Willard & Giles and $500 on typewriters and supplies with Capt. Metts. The damage to building is from $300 to $400 with about the same to contents.

New Lumber Enterprise.

Mr. H. C. Riley, of the firm of Chas. S. Riley & Co., Philadelphia, is in the city, having just returned from Verona, Onslow county, in company with Mr. W. T. Sears, who recently purchased for W. T. Sears & Co., a controlling interest in the Onslow Land and Lumber Co. The visit to Verona was for the purpose of making the transfer to the new purchaser.

GOGD INSURANCE LAW RECOGNIZED.

North Carolina has many insurance men who have by experience and intelligent application to the insurance business become to be recognized as experts and fully abreast with the progress demanded in the business as in all other lines. To these insurance men and our capable legislators is due the credit for North Carolina insurance laws that command commendation from high sources. As a matter of general interest to people who insure and in order to show what is thought of North Carolina laws with reference to fire insurance, we copy the following from The Insurance Field, which is an ably conducted magazine published in Chicago, Louisville and Atlanta:

"On account of the passage of laws calculated to reduce the fire loss, at the last session of the North Carolina legislature, the executive committee of the Southeastern Tariff Association at its meeting last week adopted the following resolution:

"'Whereas, the insurance laws of the State of North Carolina, especially those relating to the official investigation of fires and the punishment for the crime of incendiarism and for the prevention of fires, have always been recognized by the fire insurance companies as helpful to the business and so important a factor as to justify a reduction of rates, therefor, be it resolved in view of the enactment by the last legislature of North Carolina of what is known as the 'Fire Waste Bill' which provides a standard for the construction of buildings and for an intelligent and efficient system of inspection, that the following instructions be issued and further reduction in rates granted as follows:

"'1. On all mercantile buildings and hotels (and the contents thereof), with metal, slate, tile or other approved fire proof roofs, a reduction from the basis rate of 10 cents, or $1.00 on the thousand dollars and on all churches, schools, and public buildings, and on contents thereof, with metal slate, tile, or other approved fire proof roofs, a reduction from the basis rate of 5 cents or 50 cents on the thousand.

"'2. That the secretary be directed to call to the attention of all rating men and local agents in North Carolina that by strict compliance with the requirements of this law the property owners will be given a further reduction in fire insurance rates, in as much as its enforcement eliminates the following defieiency charges to new buildings, non-standard walls, defective chimneys, flues and fireplaces, unsafe steam and stove pipes, improper electrict wiring, defective parapet walls, accumulation of ashes, lime or other inflamable materia] or waste.

"'3. That the attention of agents and representatives of this association is especially called to the fact that the above reductions must not be made or allowed in any city or town not properly enforcing this law in regard to the erection and inspection of buildings, and the making and keeping open for inspection proper records of building permits and inspections as required by said law.

"'4. This shall only apply to risks in the corporate limits of such cities and towns.

"'5. This reduction shall not affect existing policies.'

"The laws referred to called for the appointment of a fire chief in all incorporated cities of more than one thousand inhabitants, whose duty it should be to inspect all building and report to the insurance commissioner, who must either make the inspections himself or through a deputy where he has reason to believe the regular appointees are not doing their duty. Fire limits in each town are also ordered wherein no frame buildings are to be erected. The laws contain standards for construction, in accordance with the views of experts and the rules of the National Board of Fire Underwriters govern electrical wiring. Inspection of all buildings within the fire limits must be made every three months and all defects reported to the insurance commissioner."

From Europe and from some sources in America come deprecations that Southern cotton growers curtail their acreage and thus cut down the production of raw cotton. They say the world needs the cotton. Shucks! Because the world needs cotton is no reason why the Southern farmers should furnish it at cost or below cost. If the world wants cotton let it buy it at the price fixed by the growers and not by the purchasers. The growers are tired paying the freight.

A woman can't hit a barn door with rocks but she can make a big hit when she's got the rocks.

CURRENT COMMENT.

—Every man who travels in a Pullman car and doesn't dodge the porter knows something about the menace of "The Black Hand."—Baltimore Sun.

—Were it not for allusion to the Pinkertons, the newspaper accounts of the stealing of $300,000 worth of securities might be mistaken by the casual reader for further installments of the insurance investigation.—New York Evening Post.

—It remains true what the Republican party was declared, that before tariff revision in any form is in order, a substantial reason ror it must be shown. Thus far no reason is in sight. On the contrary there remain the best of reasons for letting well enough alone.—Albany Journal (Rep.)

—Defeated Cuban candidates charge that their successful competitors were guilty of ballot-box stuffing, intimidation and corruption. In the light of this, how puerile and utterly baseless seem the obpections of those who opposed Cuban independence on the ground that the inhabitants were not prepared for civilization.—New York Herald.

—From the statements made by Mr. Cutting and Mr. Odell, it appears that both of these gentlemen are delighted at the outcome of the abortive attempt to put a Fusion ticket in the field against the Democrats. Mr. Odell avers that the Republican district leaders believe that a straight Republican ticket will poll more votes than a Fusion ticket, while Mr. Cutting, who desires the re-election of Mayor McClellan, says that naturally the Mayor will now be a winner as the Republican party alone cannot hope to beat him. The Democrats, who were never in any doubt as to the hopelessness of any fusion effort to defeat the Mayor, consider the election as practically decided, now that the voters are to choose between the Mayor and an Odell candidate pure and simple.

—The officials of the Southern Railway have made the statement that the President is to pay for the train used on his Southern trip, which is to cover 2,000 miles and last ten days. The figures are not revealed, but if the ordinary charge is made, it will cost the President $5,000 for the traif alone and $60 a day for meals for his party, which would make the cost $5,600—a pretty heavy bill for a small tour of the country. The President in view of his fight for the enactment of more stringent laws for the regulation of traffic, cannot afford to accept the free use of the train, and if the railroad company just to say that he had paid for it, would make merely a nominal charge, it would be a violation of the Inter-State Commerce law. So it seems that the President's Southern trip is going to cost him a pretty penny, at all events.—Charlotte Chronicle.

TWINKLINGS

—"To-day, dear Edgar, our union is sealed for life." "O, my dear, you needn't take matrimony so tragically."—Fliegende Blaetter.

—He—I was an intimate friend of your late husband. Can't you give me something to remember him by. She (shyly—How would I do?—Punch.

—Tom—I told Miss Gotrox last night that she was the light of my life. Jack—Well, what then? Tom—Then the light went out.—Philadelphia Record.

—"Has Bixon much faith in homeopathy?" "I should say so. Last summer when he had an attack of hay fever he married a grass widow."—Pittsburg Dispatch.

—"So your wife objects to your playing the races?" "Yes. She is afraid that if I keep on she will have to resign from her bridge whist club."—Washington Star.

—She—What was it that the Governor of North Carolina said to the Governor of South Carolina? I see something about it in the newspapers very often. The Brute—He said he thought women talked an awful lot.—Exchange.

—The Baltimore business men have started a "Made in Baltimore" movement. For several years past, all kinds of machinery and iron pipe has been given to all parts of the earth bearing the stamp: "Made in Charlotte."—Charlotte Chronicle.

—"Pardon me, old man," said the old boarder, "but we don't want to lose you, and I just want to give you a tip that you'd better think of paying your board." "Why?" asked the new boarder. "Well, I noticed that Mrs. Starvem was dangerously polite to you this morning."—Philadelphia Press.

—"I should think you'd go slow," said the cautious friend. "You know, as Lincoln said, 'you can fool all the people some of the time, and some of the——'" "That's all right," interrupted the sharper, "but I find it's always possible to fool enough of the people enough of the time."—Philadelphia Press.

—A Kenwood lady, while in a poetic mood the other night, directed her little daughter's attention to the heavens, saying: "See the beautiful moon. She is the kind mother, and all those twinkling stars are her children." After little Gertrude had looked over the celestial field for a moment she said: "Well, I guess Roosevelt ain't got no excuse to scold old Mrs. Moon, anyway."—Chicago Record-Herald.

How hard a mother has to coax before she can get her child to take its first step. It is just about as hard to induce a convalid, especially one suffering from weakness of the lungs, to

take the first step to health. There is a lack of confidence, and perhaps a crushing experience of a former failure which depresses and discourages the sufferer.

In spite of doubts and fears you will take the first step to health when you take the first dose of Dr. Pierce's Golden Medical Discovery. It never fails to help. In ninety-eight cases out of one hundred it never fails to cure. Never mind about the symptoms. Obstinate cough, bleeding of the lungs, spitting of blood, emaciation, night-sweats, conditions which if neglected or unskillfully treated terminate in consumption, have all been perfectly and permanently cured by "Golden Medical Discovery."

"I am thankful to say that Dr. Pierce's Golden Medical Discovery cured me of consumption," writes Mrs. Mattie L. Denton, of Morganton, N. C. "My health had been bad and for several months before I began the use of your medicine I had symptoms of consumption. Had night-sweats, a bad cough, loss of appetite and a great loss of flesh. There were other symptoms of disease that disappeared by the use of the medicine. By the time I used one bottle of 'Golden Medical Discovery' I began to regain my appetite and after using two and a half bottles my cough was cured. I could eat heartily and all symptoms of consumption had disappeared. Took seven bottles of 'Golden Medical Discovery' and one of the 'Favorite Prescription.' Am very thankful I received so much benefit. I believe I would have been dead if I had waited and not taken Dr. Pierce's Golden Medical Discovery."

Sick persons are invited to consult Dr. R. V. Pierce, by letter, absolutely without fee or charge. Every letter is regarded as sacredly confidential. Each answer is mailed in a plain envelope. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

THE COTTON MARKET.

New York, Oct. 3.—The cotton market was active and excited, the feature being the October condition report of the government, which showed a condtion of 71.2 per cent., against 72.1 per cent. last month, 75.8 per cent. last year and 66.1 per cent., the ten year average, giving a very bearish interpretation, and was followed by a sensational break in prices. There was only a slight rally on covering toward the close and final quotations showed a net loss of 36 to 37 points. Sales were estimated at fully 800,000 bales. The opening was easy at a decline of 6 to 8 points in response to disappointing cables, and during the forenoon the market ruled generally easy under liquidation and bear pressure encouraged by weakness in October and expectations of a bearish bureau report. Shortly after the call prices showed a net loss of about 12 to 15 points and while there was a slight rally toward mid-day, the general tone continued unsettled, and following the bureau report the loss was rapidly increased. During the afternoon there was a rally from the lowest of about 10 to 15 points on covering, but as the report circulated, additional selling orders were received by wire and commission houses, and the lowest points were reached in the late trading, when prices were about 38 to 44 points net lower.

Spot closed quiet 30 points lower. Middling uplands, 10.35; middling gulf, 10.60; sales, 5,595.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee.

Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

DON'TS 3 (Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.)

(Lion-head on every package.)

(Save these Lion-heads for valuable premiums.)

DOING THEIR DUTY.

Scores of Wilmington Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follows:

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all

Policeman R. E. Smith, who lives with his family at 213 Boundry street, Goldsboro, N. C., says: "I have used Doan's Kidney Pills and have been very well pleased with them. They did me so much good that we decided to try them on our little boy who seemed to be suffering from a weakness of the kidneys. He could not hold his urine and we have had to lift him out of bed several times a night or he would pass it in his sleep. Since giving him the pills we have been entirely relieved of this annoyance. My trouble was with my back. I always had a pain right across the small of it, and the secretions were dark colored and heavy with sediment. Since I used the pills my back is much stronger and does not ache at all and the urine has been cleared up to a natural condition. I certainly advise all sufferers from kidney troubles to try them."

Coal -- Wood -- Coal

A Convenient Way to Buy Coal.

We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price, they buy a ton, pay for it, and have it sent home. A little later on them get another ton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.

If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

SPIRITS TURPENTINE.

—Boney Nelson, of Asheville, was runover and instantly killed by a freight train on the Southern Railway near Waynesville Saturday night. Nelson had been drinking and had gone to sleep on the railway track. He was terribly mangled.

—Red Springs Citizen: "As a cotton picker Mr. W. A. Brown takes the palm. Last week he picked from the stalk in one day 504 pounds of Texas Wood Cotton. Mr. Brown challenges any white man in the country, and says when aybody breaks this record he will be heard from again."

—Lumberton Robesonian: "We are requested by Mr. John G. McGormick to correct an error in a report which was given out as to the purchasers of the Builders' Lumber Company, at Marietta. The real purchasers are Robert N. Harper, W. H Saunders and R. L. Leon, of Washington, D. C., and the consideration was $12,500."

—A dispatch from Winston-Salem on Monday says: Smoak & McCreary received a telegram from Raleigh requesting them to furnish a saddle horse to be used by President Roosevelt during his visit to the State Fair. The firm has secured a splendid animal, the one recently purchased from them by Mrs. R. J. Reynolds, of this city.

—At Spencer on Monday night, a contract was signed with Chas. Olsen, the winner of the noted wrestling contest with Schoenfield and one recently pulled of at Asheville to meet Chas. Leonhardt in a contest in Spencer on the 20th instant. Prof. Leonhardt will spend ten days at Spencer in training and expects to meet Olsen in good trim. Olsen is training at Asheville for the contest.

—The Southern Presbyterian College and Conservatory of Music at Red Springs began its tenth year most auspiciously. During the summer an additional brick building had been erected, furnishing six class rooms and twenty-eight dormitories. This addition gives the college 100 large and conveniently arranged domitories in the brick buildings. These rooms are entirely full. The personnel of the student body leaves little to be desired. They are an earnest lot of young women and a fine year's work is anticipated.

—A dispatch from Kinston on Monday says: Burwell W. Canady, one of the wealthiest and most prominent citizens of Lenoir county, died at his home here, after a lingering illness. Mr. Canady was but little over fifty years of age and his death is a sad loss to the section in which he made his home. Nearly every enterprise of any note in Kinston received substantial encouragement from B. W. Canady. In private life Mr. Canady was kind, liberal with his means and enjoyed the widest popularity, perhaps of any other man in Lenoir county.

—Lumberton Robesonian: "Lumberton Cotton Mill opened a public school at the mill yesterday morning for the benefit of children of the families operating in the mills. Miss Gladys Barnes will be in charge and there will be no fee for tuition. By the way, we might remark that operatives in this mill appear well satisfied with their environments, and such manifestations of interest, as the above, on the part of the mill owners will contribute much to their pleasure as well as being of vast benefit. This action deserves commendation."

—Blood poisoning, caused by a rat bite resulted in the death of Mrs. Mason Joyner, of Lee and London streets, Cottage Place, at 5 o'clock yesterday morning. While Mrs. Joyner was removing some article from a barrel two months ago one of her fingers was severely bitten by a rat. Little attention was paid to the wound at first, but a few days later Mrs. Joyner's hand and arm commenced to swell, and medical assistance was summoned. Every effort was made to check the progress of the poison, but proved unavailing, and she died after great suffering yesterday morning.—Norfolk Virginian-Pilot.

—Raleigh News and Observer: "Secretary Pogue said last night that the Fair authorities had made arrangements with Colonel Jerome Hill, of Memphis, Tenn., who was here last week, to exhibit his cotton picker at the State Fair. It is the only successful cotton picker in the world. Colonel Hill proposes to demoastrate the fact that his machine is a success by picking cotton that has been transplanted in the fair grounds. Colonel Hill was in Raleigh last week and ascertained that the conditions here would warrant the successful demonstration of his machine. Nothing at the Fair will interest so many people. With a perfect cotton picker the South can make money growing cotton. It can now make more cotton than it can pick."

—Fayetteville Observer: "Yesterday afternoon as the Atlantic & Yadkin passenger train bound from Mount Airy to Wilmington was backing from its own track for the purpose of getting on the main line A. C. L. track in order to reach the passenger station, the engine tender split a switch which the other cars had passed over all right, and the engine was thrown from the rails, dragging with it the baggage car. The other cars remained on the track, which happened to be at this point on a trestle. No one was hurt; but Mr. Chas. L. Moore, the express messenger, who had been relieved of his duties at Greensboro on account of an accident that happened to him at Mt. Airy that morning, was riding in the engine, and alighting from the cab just after the accident at the switch, fell and re-opened his wounds."

—A special from Newbern says: "The criminal court for Craven county convened this morning, Judge E. B. Jones, of Winston, presiding. Mr. Thos. W. Dewey, the defaulting cashier of the Farmers and Merchants Bank, of Newbern again appeared in court, represented by his attorney. A continuance was granted and a bond of $40,000 was given by the same sureties, to await the opinion in his case which is now in the hands of the Supreme court. Intense interest is manifested in Newbern as to this opinion. The case has been argued three weeks and no opinion has been reached as yet. There was a report circulated on the streets to-night that three of the five judges were in favor of a new trial, others claim three of the five judges are in favor of affirming the lower court.

I was tired and run down, and thought I couldn't live. Since taking Cardui, however, I have greatly improved and feel better than I have for years. If it were not for Cardui I might now be under the ground."

SAVANNAH HARBOR FRAUDS.

Government Making It Hot for Carter. Gaynor and Greene Coming.

Chicago, Oct. 2.—Attempts on the part of the government attorneys to introduce portions of the testimony of the late Robert F. Westcott, father-in-law of Captain O. M. Carter, given at the Gaynor and Greene hearing in New York a year ago, caused a clash between counsel at the hearing of the Carter case before Special Examiner Wyman in the Federal building to-day.

Assistant United States Attorney General Erwin read from Mr. Westcott's testimony to show that Captain Carter lent his father-in-law $10,000 in January 1895 prior to leaving for Europe.

"If Mr. Westcott gave this testimony, did he tell the truth?" asked attorney Erwin.

"He did not, because I did not loan him $10,000 in January, 1895," said Captain Carter. "If he gave that testimony in New York he testified falsely."

At this point Attorney Stone interposed on behalf of Carter a vigorous objection to this line of questioning.

"I object to having read into this case evidence of a man who is now dead, because my client was not present when the alleged testimony was given and was not given an opportunity to cross-examine the witness," said Attorney Stone.

"We have a perfect right to go into these facts," replied Attorney Erwin, who represents the government.

"Well, without waiving any of my objections I will permit him to answer, said Attorney Stone.

The government attorneys then introduced Captain Carter's official reports made to his superior officer to show that he was on duty in Savannah throughout the month of January, 1895, when as a matter of fact he was in New York January 1, 2, 3, 4, 5, 6, 7, 8, 9, 16, and 17.

"I was in New York on the day's mentioned but did not report the fact in my official statement although my superior officer knew I was absent from my attention," replied Captain Carter.

Records were produced showing that Captain Carter disbursed $290,000 to the Atlantic Contruction Company, a Gaynor and Greene concern in New York, January 17, 1905, and that subsequently $10,000 was deposited in the Union Trust Company to the credit of R. F. Westcott. This is supposed to represent Captain Carter's interest of one-third in the amount paid the contractors for Government work in Savannah harbor. Deposits aggregating this sum were made Jauary 1, January 16 and January 21, prior to Mr. Westcott's departure for Europe. A mass of other documentary evidence damaging to the defendant was introduced later to refute the story told by Captain Carter that practically all the $600,000 found in his possession when arrested he received from his father-in-law.

Captain Carter held the power of attorney for his father-in-law while the latter was traveling in Europe. The defendant was closely questioned in regard to financial transactions in New York June 7, 1895, when Carter paid Gaynor and Green $59,000 on account. Bank accounts and records were exhibited to show that the same day this money was paid to the contractors, Captain Carter deposited $9,000 to the credit of his father-in-law's account in the Union Trust Company, and also purchased $9,500 worth of bonds. Later, Carter deposited the interest coupons of these bonds to the credit of his personal bank account. Captain Carter explained the transaction by saying he was acting as the financial agent of R. F. Westcott, his father-in-law, and denied all connections between the payment made Gaynor and Greene and the bank deposits and bonds purchases made in the name of Westcott.

Ottawa, Ont., Oct. 2.—The warrant for the extradition of John F. Gaynor and B. D. Greene has been signed by the minister of justice, and forwarded to the lieutenant governor of the Province of Quebec.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

NORTH CAROLINA CROPS.

Weekly Bulletin Issued by Agricultural Department at Raleigh.

Raleigh, N. C., Oct.—The weekly crop bulletin issued to-day by the Department of Agriculture for the week ended Monday, October 2nd, is as follows: "The week has been characterized by warm days and cool nights, the temperature averaging about 4 degrees above the normal; and by the absence of rainfall, the only rain reported being a trace at Asheville. Light frost occurred in Tyrell county on the morning of the 27th. The weather has been favorable for saving crops, but too dry for plowing and for sowing small grain. All growing crops need rain, and pastures are failing.

The general condition of the cotton crop remains unchanged; it is opening fast and picking is progressing rapidly, about thre-fifths of the crop having been picked; fewer reports of shedding have been received, but the crop will be very light; in general the crop will be below the average, and in places very light.

A fair crop of tobacco, of rather inferior quality, has been cut and cured. Early corn is maturing fast, and in some localities is being gathered; late corn needs rain, but has been benefited by the warm weather. A good crop of buckwheat is being harvested, and good crops of Irish potatoes and peanuts are being dug. Sweet potatoes are good; the cabbage crop is a failure; turnips are needing rain badly. Fine crops of hay, fodder, and pea-vine hay have been secured. Sorghum molasses making is under way. Over the greater portion of the State it is too dry for plowing and for sowing small grain; some wheat and oats have been sown in the central and western districts, but are needing rain badly. Apples are falling badly, and will be a light crop."

Special Rate to Raleigh, N. C., via Seaboard account of the North Carolina State Fair, October 16th-25th, 1905.

REVENUE FRAUD CASES ON AT GREENSBORO

Cases Against Revenue Officers Will Begin Today.—Heavy Sentence of Moonshiner.

By Wire to The Morning Star.

Charlotte, N. C., Oct. 3.—A special to The Observer from Greensboro says that to-day's session of the Federal court was taken up largely in the trial of minor cases, only two of any importance being disposed of. In the cases against John and Lowe Garrick, of Davidson county, charged with illicit distilling, John Garrick was found not guilty and Lowe Garrick was sentenced by Judge Boyd to fifteen months in the Federal prison at Atlanta. Lum Staley, of Randolph county, was found guilty of illicit distilling and sentence will be pronounced on him to-morrow.

It now looks as if the noted case against N. Glenn Williams and the Old Nick Williams Company, of Advance, Yadkin county, will not be tried at this term of court as was expected. This is one of the most important cases on the docket. District Attorney Holton states that he is ready for the hearing to begin to-morrow, the from the June term of court at Charlotte, but the defendant is unable to time set when the cases were removed be present at court, being detained at home on account of the desperate illness of Mrs. Williams who is reported to be lying at the point of death. With the Williams' case continuel it is very probable that, as soon as the jail cases can be disposed of, the court will begin the hearing of the cases against the indicted revenue officers.

GOVERNMENT COTTON REPORT.

Average estimate of Crop Condition to Date 71.2.

By Wire to The Morning Star.

Washington, October 3.—The crop estimating board of the bureau of statistics of the Department of Agriculture in its bulletin issued today reports that the average condition of cotton September 25th was 71.2 as compared with 72.1 on August 25, 1905, 75.8 on September 25, 1904, 65.1 on September 25, 1903, and a ten year average of 66.1. The following table shows the condition of the cotton crop by States on September 25th, with the ten year averages:

States—Sept. 25, 1905.	10 Year Average.
Texas 69	61
Georgia 76	70
Alabama 70	67
Mississippi 68	67
South Carolina 74	69
Arkansas 72	66
Louisiana 59	68
North Carolina 77	70
Indian Territory.....78	70
Tennessee 79	71
Oklahoma 89	71
Florida 76	72
Missouri 81	76
Virginia 77	74

The weekly crop bulletin of the bureau summarizes crop conditions as follows:

Florida and portions of the central gulf districts suffered injury from excessive rains. The middle and south Atlantic States and southern Texas are in need of rain. Highly favorable weather prevailed throughout the principal corn States. An exceptionally large and fine yield of corn is now assured over much the greater part of the corn belt, and only a very small part of the crop in the north central portion estimated at from 2 to 5 per cent. of the total, remains exposed to injury from frost, and this is maturing rapidly.

STILL AFTER MURDER FIEND.

Texans Failed to Find Slayer of Conditt Family.

By Wire to The Morning Star.

Edna, Texas, Oct. 3.—There are still 200 men in the bottom unsuccessfully searching for miles for the negro, Monk Gibson, charged with the murder of the Conditt family.

Four companies of military are encamped here and they are being jeered by many of the younger element while the older heads content themselves with criticisms of the Governor and facetitious remarks about "Tin Soldiers."

There are now many who believe that the negro must have gotten away or died. The negro got away Friday night after having been given a severe thrashing, enough to have materially weakened a much stronger man. During the four nights and four days since then, he could have had little sleep if he were in the bottoms, even though other negroes fed him, and none have been found who would admit they had done so.

Men and horses are worn out by the long search and fresh ones have been put in the case. Every county in this section of the State is now represented among the searchers and every nook and corner of the county has been gone over.

CLOSING PEACE ARRANGEMENTS

Troops Not to Leave Field Till Treaty is Exchanged.

By Wire to The Morning Star

St. Petersburg, Oct. 3.—Negotiations are in progress between Russia and Japan with the view to the immediate delimitation of the frontier on the islands of Sakhalin before the winter prevents such work in order to avoid differences when the Russians take possession of their half of the island. The question of size of the Russian army to be left in the far East after peace has not been definitely decided, but General Linevitch will remain in command of from five to eight army corps. The others will be returned as fast as possible after the peace treaty is ratified, beginning with the reserve men who were on their way to the front when the protocol was signed and then the European corps which have been longest in Manchuria. Not any of the troops will be moved until the ratifications are exchanged. Part of the active army will return by sea. Instead of repatriating the Russian prisoners direct from Japan, the commission on repatriation favors bringing all the prisoners first to Vladivostok, whence the Siberian reserves can be sent home and the others distributed among their original regiments for return to Russia.

LOOMIS-BOWEN ROW RENEWED

Former Minister to Venezuela Declares Roosevelt and Loomis Are Falsifiers

BOWEN OFFERED PROMOTION

Says President Told Him He Would Do Great Deal to Hush Up the Scandal—Disgraceful State of Affairs.

By Wire to The Morning Star.

New York, Oct. 3.—Herbert W. Bowen, former American minister to Venezuela, to-night issued the following statement:

"Woodstock, Conn., Oct. 3, 1905.

"In answer to the letters that were exchanged recently by President Roosevelt and Mr. Loomis in regard to Mr. Hay and published in yesterday's papers, I have to say only this:

"After I had sent to Washington all of the documents which I found in the legation at Caracas relating to Mr. Loomis, I received a letter from Mr. Hay stating "I have been greatly surprised and pained in reading the documents you sent me." The following month he wrote to me a letter containing the friendly words: "I have always taken your part, not only from personal liking, but from a conviction of your merits, your ability, your courage and your integrity.'"

'From a high official of the Department of State, I received the letter written this last April stating '"Secretary Hay remains your staunch friend.'" From the same high official, I have in my possession a letter dated July 18, 1905 (18 days after I was dismissed from the diplomatic service by President Roosevelt) stating '"I had a few words with Mr. Hay the day before he left Washington for New Hampshire, and he spoke of Mr. Bowen in the same kindly and affectionate manner he always did.'"

"Every one who knew Mr. Hay knows that he could not possibly have been a friend to a man like Mr. Loomis and that no power on earth could have induced him to denounce as a traitor an American official, who refused to shield corruption.

"In conclusion—in order to show President Roosevelt's attitude toward Mr. Loomis, I will simply quote my last remark to him and his to me in the presence of witnesses the day he dismissed me: "'Mr. President, you will remember that after I sent to you all the information I had about Mr. Loomis you offered me a promotion that was intended to lead to an ambassadorship.'" "'Well,'" he answered, "'I would have done a great deal to hush up the scandal."

"HERBERT W. BOWEN."

The above reply of former Minister Bowen was brought out by correspondence between Assistant Secretary of State F. B. Loomis and President Roosevelt which was sent out by the Associated Press from Washington last Sunday. In a letter to the President, dated September 20th, Mr. Loomis complais that at the instigation of Bowen certain newspapers are misrepresenting him. Among other things Mr. Loomis wrote the President the following:

"Not long ago a despicable paper, to which I am reliably informed upon the best of authority, Mr. Bowen has been freely offering material for use, printed the following paragraphs:

"'Practically the last official act of Mr. Hay's life was to visit the White House for the purpose of urging the President not to dismiss Bowen, and to dismiss Loomis, but learning the President's mind was made up he went away with the message unspoken. Mr. Hay thoroughly disliked and distrusted him (myself), and told the President so, but he was unable to produce any effect on the President's mind.'"

Mr. Loomis then goes on to say that on the contrary, the late Secretary Hay always commended him (Loomis), and even protested to the President that he (Mr. Roosevelt) should not reprimand Mr. Loomis in the Bowen-Loomis controversy. He further reminds the President that Secretary Hay expressed disgust with Bowen and denounced him as disloyal, untruthful and treacherous. He called on the President to vindicate him (Loomis) from the newspaper as persions.

The President wrote Mr. Loomis Sept. 25th, corroborating Mr. Loomis as to the harsh language Mr. Hay used about Mr. Bowen, and also about Mr. Hay's high commendation which he paid to Mr. Loomis. The President says Mr. Hay even used stronger language about Bowen than Loomis claims that he did.

Mr. Bowen's reply as appears in the dispatch above rather mildly, but certainly declares that Mr. Loomis and the President have written falsehoods about Mr. Hay's attitude to him (Bowen).

CONSPIRACY AGAINST GERMANY.

Andrew DeWet Plotted to Establish Another Boer Republic.

By Cable to The Morning Star.

Berlin, Oct. 3.—Andrew de Wet, nephew of the famous Boer General Christian de Wet, has been arrested at his residence in a suburb of Windhoek, German, Southwest Africa, with four other Boers accused of plotting the overthrow of German rule in Southwest Africa and create a Boer republic. This news purporting to come from an excellent authority was distributed to the German press by the Hanseatic press bureau, and is accepted as true by leading Berlin Journals.

Andrew de Wet, who is a merchant of Windhoek is described as having arranged with the rebel natives to make common cause with them. About 15,000 Boers are said to be in German, Southwest Africa, one quarter of whom are organized. Considerable quantities of arms were seized at de-Wet's house. Although the arrests occurred August 23rd, nothing was reported by cable to the newspapers, doubtless on account of the censorship. Andrew de Wet married a daughter of a Prussian army officer.

A Paris vablegram last night says: A dispatch to the Temps from Rome says the vatican will seek to secure the seating of a delegate of the Holy See at The Hague peace conference, and hopes to secure the friendly assistance of Germany, thus avoiding Italy's objecting to a papal delegate.

PRESIDENT SPENCER'S JIM CROW ARGUMENT

Senator Chandler Replies to Railroad Magnate — Railroads Fighting Rate Making Scheme.

By Wire to The Morning Star.

Concord, N. H., Oct. 3.—Former Senator William E. Chandler to-night issued a signed statement upon the railroad rate question in reply to remarks of President Samuel Spencer, of the Southern Railway, published in the morning newspapers. Mr. Chandler says:

Mr. Spencer's general statement is that nothing but board and legitimate facts, conditions and arguments concerning railroad rate legislation have been presented to Congress and the public by the railroad managers, while none of that character has been advanced by the other side, so there is nothing as yet which needs answer.

"The egotism and conceit of Mr. Spencer in thus dealing with a great question shows the worthlessness of his general utterance.

"Particularly, however, he does deny that the Jim Crow cars have ever been in any sense a factor in the argument on his side. But he does this in the face of the statement made by the Macon Telegraph that the bill must be resisted on the Jim Crow car ground, saying 'If there were no other reason for opposing the scheme to concentrate this power in Washington, The Telegraph would oppose it on this single ground,' and the statements of the Charlotte Post, 'That appeals are being made cleverly enough by the railroads and that the Southern peole are quickly moved by playing upon their prejudices and this is being taken advantage of in the treatment of the Jim Crow car question.'

"In view of these statements, Mr. Spencer's denial is incorrect, and he had better deal with these newspapers and leave Mr. Chandler alone for a time.

"Mr. Spencer also says that in his address before the Manufacturers' Convention at Atlanta in May he did not use the Jim Crow car argument and that it was not used before the convention. Indeed Mr. Chandler never thought of saying that it was publicly used, but that it was the argument privately used he believes and continues to assert. It was no more in public evidence than the free passes which were used to control the convention.

"That Mr. Spencer made an open appeal to the convention, Mr. Chandler never knew till now. Such an appeal was not necessary; the Jim Crow car argument or free passes and other similar agencies had done the deadly work, and the natural voice of the convention was smothered.

"This Atlanta convention was held on May 1st. On May 28th Mr. Chandler said in the Washington Post that Mr. Spencer, the strongest railroad manager intellectually in the country, had been designated to make the issue with the President, and that Mr. Spencer would attempt to consolidate the South against legislation by the Jim Crow argument.

"Four months elapsed before Mr. Spencer made any denial whatever, Now he says he did not use the argument; it was not used before the convention and that he has never used or referred to it elsewhere.

"That it was not used publicly before the convention Mr. Chandler admits. As to the denial, Mr. Spencer's memory is conveniently in eclipse. Although he has not yet referred and replied to the Jim Crow arguments of the Telegraph and Post and other southern newspapers, there is yet time before Congress meets."

INTERVENTION IN CUBA.

Gen. Gomez May Be On Secret Mission to Roosevelt.

By Wire to The Morning Star.

New York, Oct. 3.—Gen. Jos. Miguel Gomez, the governor of Santa Clara province, Cuba, who recently resigned as the liberal candidate for the presidency of Cuba in opposition to President Palma, arrived here to-day on the steamer Monterey. He will remain in this country about two weeks.

To the Associated Press General Gomez said:

"My object now is to get a rest. I have no plans. I do not know if I will visit Washington, but I do not expect to visit President Roosevelt."

When informed of the report that he came on a mission to ask American intervention in Cuban politics, he replied with an emphatic "No." General Gomez said he did not know whether the liberal party would place a candidate in the field in December to contest the election with President Palma, the candidate of the moderate party.

O. Ferrara, who accompanied General Gomez said that all the jails in Santa Clara province were filled with political prisoners.

One of the largest cigar manufacturers in this city and Cuba said that it was the well founded belief of all the passengers that General Gomez was on a secret mission and would call upon President Roosevelt.

FINANCIAL SENSATION.

Charge That Clearing House Statement is a Farce.

By Wire to The Morning Star

New York, Oct. 3.—Charges that the statement of New York banks as issued weekly has become a farce, and that the action of trust companies in extending large credits without maintaing adequate cash reserves, constitutes a great danger, were made before the clearing house association today by president of the Corn Exchange Bank, William A. Nash. Mr. Nash urged that measures be taken to bring the trust companies under the regulations of the clearing house.

FEVER RECORD APPEARS BAD

New Orleans Had 30 New Cases, With Totals 3,072 Cases and 396 Deaths.

MANY NESTS OF INFECTION.

Twenty-Nine Cases Break Out on Grande Isle—Eleven New Ones In Vicksburg—Glowing Reports From Along Gulf Coast.

By Wire to The Morning Star.

New Orleans, Oct. 3.—The following is the official record of yellow fever in New Orleans up to 6 P. M. to-day:

New cases to-day, 30.
Total cases to date, 3,072.
Deaths to-day, 2.
Total deaths to day, 396.
New foci, 5.
Under treatment, 210.
Discharged, 2,466.

The report of thirty news cases is not all surprising in the face of the low record of the past few days, because it is to be expected that some days there will be sharp contrasts in the figures. Only four of the new cases are above Canal street. Algiers had three, among them a lady in McClellanville, previously reported as suspicious, but whose death removed all doubts of the nature of her illness. The other death is that of S. R. Arrington, the night chief operator of the Postal Telegraph Company.

The Surgeon General has ordered another of Dr. White's officers to Mississippi to help out on the gulf coast where the situation is far from promising. No cases were brought into the city from the country, nor were any reported by the marine hospital service, but the situation in Willeswood, where eleven cases were discovered Monday, has resulted in the establishment of an emergeny hospital there. The beds and bedding were shipped there to-day.

Grande Isle seems to have developed a nest of infection following the one sporadic case reported from there some tige ago. Twenty nine new cases on the island were reported to-day. This place is under the direction of Dr. Engelbach.

The country reports were: Patterson, 5 new cases. Kenner, 3 new cases; one death. Alexandria, 2 new cases. Grande Isle, 29 new cases. Terre Bonne parish, 7 new cases.

Eleven New Cases at Vicksburg.

Vicksburg, Miss., Oct. 3.—Eleven new cases of yellow fever were reported from the 24 hours, ending at 6 P. M. to-day, with no deaths. The totals are 126 cases and 14 deaths.

The Board of Health at a meeting to-night ordered that an affidavit be prepared against Dr. R. A. Quin, a physician, who stands at the head of the profession in Vicksburg, based on charges of failure to report cases of yellow fever. The charges were made by Surgeon Guiteras, of the Public Health and Marine Hospital Service, Dr. H. Haralson, representing the State Board of Health, and Drs. O'Leary and Birchett.

Natchez, Miss., Oct. 3.—Only four names were added to the yellow fever list to-day. Of this number, three are negroes. The white patient lives in a very thickly settled neighborhood.

Summary: New case, 4; new foci, 2. Total cases to date, 112; cases under treatment, 31; total deaths, 7; cases discharged, 3.

Pensacola, Fla., Oct. 3.—The official summary of the fever to-day is as follows: New cases, 9; total to date, 175. Reaths, 4; total, 31. Cases discharged, 63; Under treatment, 82.

Despite the number of new cases and the unusually large number of deaths, the health authorities continue to maintain a hopeful spirit and the work of fumigation, screening and cleaning up is going ahead with great energy. It is pointed out that while the fever has developed to a greater extent than was expected, yet in comparison with previous epidemics the situation has been well controlled.

Jackson, Miss., Oct. 3.—The Mississippi yellow fever summary to-day follws:

Vicksburg, 8 new cases, no deaths. 3 new cases in country.
Natchez, 4 new cases, no deaths, 2 new foci.
Gulfport, 5 new cases, no deaths.
Hamburg, 3 new cases, no deaths.
Roxie, 3 new cases.
Port Gibson, 7 new cases, no deaths.

EPEDEMIC OF DIPHTHERIA.

Classes at Normal Academy Dismissed On Accout of Outbreak.

Annapolis, Md., October 3.—The extension of leave already extended to the three upper classes of midshipmen on account of the numerous cases of diphtheria among the members of the new fourth class has been extended from one week to two and according to present orders the Naval Academy will open on October 14. However, it is anticipated that a further evtension may be granted. There are forty cases of diphtheria or diphtheric sore throats, although there have been no deaths and none anticipated. The disease has not yet showed signs of abatement and there are several new cases. Before the main body of the midshipmen are permitted to return all the academy building will be thoroughly fumigated. The members of the fourth class not affected by the disease have been quartered on the frigate Hartford.

COURTS AFTER PAPER TRUST.

Branch Companies Summoned as Witnesses Against Their Head.

St. Paul, Minn., Oct. 3.—Judge Van-Deventer, in the United States district court to-day decided that the officers in the Hennepin Paper Company, the Itasca Paper Company, and the Northwest Paper Company should appear before the United States Examiner, and answer such questions as might be asked of them in the hearing of the case of the United States against the General Paper Company, and twenty-three other defendants. The court also decided that the books and papers mentioned in the subpoena should be produced and be submitted to the government for examination. The court in rendering the oral opinion in the case held that a corporation, under the constitution, stood in the same relations to the statute as an individual.

BAZAAR OPENS TO-NIGHT.

Everything in Readiness for Magnificent W. L. I. Enterprise.

Everything is in perfect readiness for a brilliant inauguration of the W. L. I. bazaar on the beautiful lawn of the company's armory on Market street to-night. All the booths, ranges and every other necessary equipment have been installed on the grounds and the lights were turned on last night for the first time. Everything points to a brilliant success of the fair and the management wishes to emphasize the fact that the public will be welcome.

A feature to-night aside from the formal opening will be the company contest for the officers' medal to be awarded to the best drilled soldier in the ranks. The company will appear uniformed in blouses, white trousers, leggings and black shoes, and the spectacular effect is expected to be pretty as well as interesting to look upon. The presentation of the medal to the fortunate soldier will be by Rev. R. W. Hogue, chaplain of the company.

The merry midway will start in a blaze of glory. There will be the wheel of fortune, the shooting gallery, ice cream and refreshment booths, confetti stands, country store and a host of other quaint attractions that always feature the well regulated midway. Madame Ona, the professional palmist, will be one of the attractions. But there will be plenty of everything to delight and amuse and the watchword from now until Friday night when the bazaar closes will be "Meet me on the W. L. I. Midway!"

NEW SUBURBAN SCHEDULE.

Eleven Cars Each Way Effective Tomorrow—Extra Service.

Effective tomorrow a new schedule goes into effect on the Consolidated Line to the beach. There will be eleven trains each way which, while a curtailment of the present schedule, is far more complete than ever before at this time of the year and even more complete than in the height of the season during the palmiest days of the old Seacoast road. Up to the present the company has had its Summer schedule in effect; that is, a car every half hour, a month later than it was kept on last year.

Under the new schedule cars will leave at 7, 9, and 10 A. M., and at 2, 3, 4:30, 6, 7:30, 8, 10 and 11:30 P. M. Returning from the beach, cars will leave at 6:15, 7:45, 9:45 A. M., and at 12:15, 2:45, 3:45, 5:15, 6:45, 8:15, 9:15 and 10:45 P. M. Extra cars will be run on Saturdays and Sundays and for special occasions.

CABINET MEETINGS RESUMED.

Effort to Allay Chinese Boycott Principal Question Considered.

By Wire to The Morning Star

Washington, Oct., 3.—The most interesting subjects discussed at the cabinet meeting to-day were the Chinese boycott against American goods and the consideration of complaints made by the Chinese against the method of execution of the existing Chinese exclusion laws.

The important fact developed was that the President's effort last Summer to allay the indignation of the Chinese by a circular of instructions to the American minister to China and consular officers therein, had in a measure failed of its purpose and required considerable amendment to secure the object sought. Minister Rockhill himself reported that it had been found possible to carry out the instructions contained in the circular without doing great injustice to worthy Chinese and imposing burdens too hcavy to be borne upon the American consuls. The requirment that American consuls identify the Chinese seeking certificates admitting them to American ports imposed a task upon these officials beyond their ability. The trend of opinion in the cabinet meeting was that the complaints after all were directed rather against the construction placed upon the law than against the act itself and report specially against the definition given in California to the term Coolie, so it was practically decided that some important changes in the present regulations must be made.

To-day's session was the first regular meeting of the cabinet held for some months.

Investigation This Morning.

The County Commissioners will meet at 10:30 o'clock this morning to more fully investigate the charge of ill treatment of the convicts at the county stockade at Castle Haynes. Both sides of the question will be gone into fully and if necessary the commissioners will go to Castle Haynes in the afternoon to complete the investigation
